# Weather Key Points

Regional Operations Center

Western Region

Wednesday, October 12

- Scattered showers and thunderstorms will continue across southern mountains and foothills through Wednesday night, with a few showers and storms also possible for the lower elevations, including those near the coast
  - A couple storms will remain capable of producing brief heavier rainfall rates, gusty winds, and small hail as well as frequent lightning
- Dry weather will return statewide Thursday and Friday, while temperatures for most of the state remains quite warm, generally 5 to 15 degrees above normal for mid October
- Cooler temperatures are forecast to return statewide Friday night into the weekend and early next week, while additional showers and thunderstorms become likely across much of southern California, though the exact rainfall amounts remain uncertain at this time

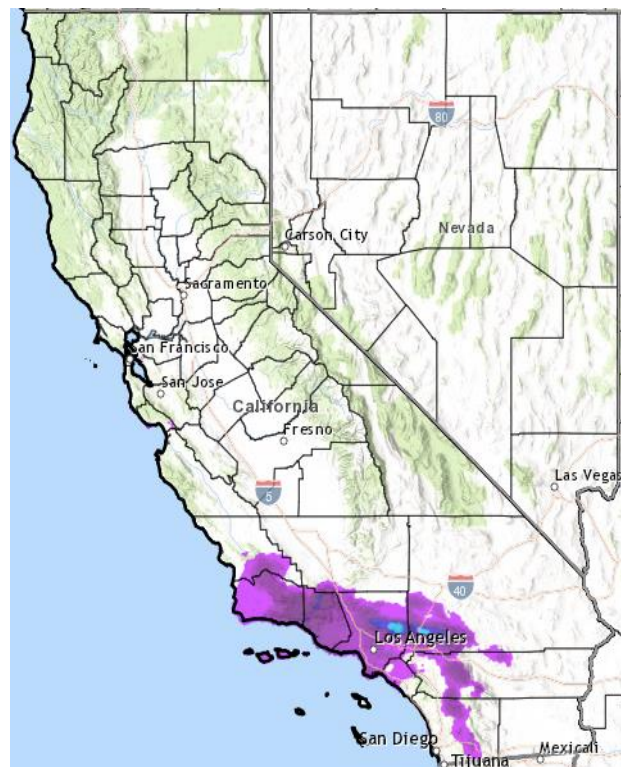

# Precipitation Forecast

Regional Operations Center

Western Region

Wednesday, October 12

Wednesday

Thursday

Friday

**Important Note:** Forecast precipitation amounts are an average for any particular location. Thunderstorms will produce locally much higher rainfall amounts.

**Precipitation (inches)**

# Weather Outlook (6-14 Days)

Regional Operations Center

Western Region

Wednesday, October 12

## 6-10 Day Outlook (October 17 – October 21)

### **Temperatures**

- Above normal temperatures are once again favored to persist across the state

### **Precipitation**

- Below normal precipitation is favored for the northern half of the state, while above normal precipitation is favored across southern California and the southern Sierra

## 8-14 Day Outlook (October 19 – October 25)

### **Temperatures**

- Above normal temperatures are favored statewide

### **Precipitation**

- Above normal precipitation is favored statewide

# **COVID-19 SUMMARY**

## **Coronavirus Disease 2019 (COVID-19)**

On 03/02/20 at 0700 hours, the Cal OES State Operations Center (SOC) activated at Level 1 in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

## **SMARTER Plan**

On 02/17/22, Governor Newsom unveiled the "[California SMARTER Plan: The Next Phase of California's COVID-19 Response](#)". The plan emphasizes continued readiness, awareness and flexibility and helps ensure California can maintain its focus on communities that continue to be disproportionately impacted and stay prepared to swiftly and effectively respond to emerging COVID-19 variants and changing conditions.

## **CDPH Statewide Travel Advisory**

- For more information: [CDC Travel Guidelines](#)

## **Confirmed California COVID-19 Cases - Per California Department of Public Health Tracking COVID-19 as of 10/05/22 at 1630 hours:**

- 10,437,463 total confirmed cases.
  - 25,111 Delta
- 95,414 total deaths.
  - 249 Delta
- Please see the most recent "Situation Report - COVID-19" attachment for additional details.

# **FIRE ACTIVITY**

## **Cal OES INLAND REGION**

### **Mosquito, Vegetation Fire, El Dorado and Placer Counties**

Location: Oxbow Reservoir, 3 miles east of Foresthill

Jurisdiction: State/Federal DPA, FRA, Nevada-Yuba-Placer Unit, Tahoe National Forest

Per Cal OES Duty Officers and ICS-209 as of [10/12/22](#) at [0706](#) hours:

- 76,788 acres brush and timber, 95% contained
- Minimal fire behavior observed
- Suppression repair continues on portions of the fire
- Power and water infrastructure remains threatened
- American River watershed threatened
- Commercial timberlands threatened
- Historical, cultural and natural resources threatened
- Road, area and trail closures in effect
- CALIIMT 12 in command
- Federal air and ground resources committed

Please see Situation Summary for information regarding the 2022 September Wildfires, Severe Weather, and Debris Flows.

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Enforcement Missions

- **2022-LAW-83293, about 1748 hours:** IERCC advised of an InReach Satellite Communicator SOS activation at coordinates 38.878051, - 120.103869 which plots to Glen Alpine Trail near Glen Alpine Creek, Desolation Wilderness, El Dorado National Forest, El Dorado County. IERCC advised they attempted to contact the RO with negative results. At 1756 LDO contacted IERCC for additional details. IERCC advised the RO was not responsive; however, they were able to speak with the emergency contact for the device. The emergency contact advised her parents who are in their early 70's have been backpacking for the past few days and are due back 10/12/22. Their daughter advised the couple are well provisioned (food/water/clothing/foul weather gear) etc. Their daughter advised her mother had suffered from a broken hip last-year but it is uncertain if there is any relation to the current incident. She also advised the parents drive a silver Acura. About 1800 hours, LDO contacted the El Dorado County Sheriff's Office and provided them the information regarding the incident. El Dorado County Sheriff's Office advised they would request a SAR call-out to assist. About 1943 hours, El Dorado County Sheriff's Office advised they had field a SAR team and were developing a plan to assist the couple. At 2200 hours, El Dorado County Sheriff's Office advised SAR Team 1 had reached the individual the injured party (female) and were extracting her via litter carrier. At 2324 hours, El Dorado County SAR Coordinator advised the subject had been rescued and that she and her husband were going to self-transport to a local hospital for treatment of an injury which was suffered during a fall on the trail. At 2326 hours, IERCC advised they had updated the emergency contact as to the status of her parents.  
**MISSION CLOSED.**
- **2022-LAW-83272, about 1235 hours:** IERCC advised of an inReach satellite communicator SOS activation at coordinates 37.097461, - 118.502569 which plots to Apex Peak, Inyo National Forest, Inyo County. The RO reported a 54-year-old hiker had broken his left ankle and needed assistance. At 12:40 hours, LDO contacted IERCC to verify the location and gather additional details. IERCC advised the injured male was located between Mt. Gayley and Apex Peak, Inyo County. At 12:45 hours, LDO contacted Inyo County Sheriff's Office and advised them of the mission. Inyo County dispatch advised the SAR coordinator would contact LDO. At 12:58 hours, SAR Coordinator contacted LDO and advised Inyo County would formulate a plan to assist the injured hiker. At 1300 hours, LDO contacted IERCC who advised they would send a data-link to the device to assist with response coordination. At 1320 IERCC sent the data-link to Cal OES. LDO forwarded link to Inyo County SAR Coordinator. At 1346 Inyo County SAR advised two-way communication had been established with the injured hiker. At 1400 hours, Inyo SAR advised CHP H80 was unavailable for the mission due to training and requested LDO attempt to contact CHP H40 to assist. Inyo County SAR advised they would be mobilizing ground personnel to assist until air assets had been secured. At 1406 hours, LDO contacted CHP ENTAC for assistance. CHP ENTAC contacted CHP Air Operations who accepted the mission. At 1441 hours, CHP ENTAC advised CHP air operations would coordinate directly with Inyo SAR to see if they can assist with the mission. At 1522 hours, CHP ENTAC advised H40 was unable to complete the mission due to density altitude. With the approval of Chief, LDO contacted the California National Guard to see if they could assist with the mission. At 1639 hours, the California National Guard advised they had approved the mission and were fielding a CH-47 flight crew to complete the mission. To make best of the light they will fly directly to the injured hiker, attempt the rescue, and then fly the injured party to Bishop Airport for transport to the hospital. At 2054 hours, Inyo County Sheriff's advised the Air National Guard was unable to land to rescue the injured party. Inyo County Sheriff's SAR Coordinator advised the injured party would shelter in place (uninjured partner would hike back to their camp for cold-weather gear) and they would attempt to coordinate with CHP H80 in the morning. LDO will follow-up with Inyo SAR Coordinator on 10/12/22 in the morning. **MISSION ONGOING.**
- **2022-LAW-82651:** San Francisco Fleet Week, 20 Sonim Phones, 3 Nighthawks, and 3 Cradle Points deployed from 09/26/22 to 10/11/22, Cal OES MAR 2 Comm C coordinating. (Demobilized as of 10/11/22, picked up by Comm C).
